

New Covenant
Lutheran School

July 27, 2020

Dear NC Parents,

We are attempting to gear up and get ready for in-person classes this fall. To do that we need to budget appropriately. Due to the extended COVID closure and our new protocols that we are required to put into place, we will be running on a very tight budget for at least the beginning of the school year. It is imperative that we have our best estimate of who will be sending their children when we open in-person, who intends to keep their child's original schedule, who is 100% not planning to send their children, and who is planning to enroll their child in our Distance Learning option (at least for the time being).

We understand that these are all difficult decisions and want to make sure we can offer you the opportunities that you want and need. However, we also need to ensure that we are financially capable of doing so. We need to collect **all responses to this commitment form by Friday, July 31, 2020** to properly prepare for the start of our school year. Thank you for your time and understanding.

Commitment form Link: <https://forms.gle/AMTF87XbirKKT24d8>

Items to note:

- The form is short and should not take you more than a minute to complete
- Distance Learning will have a lower cost associated with it, to be announced by the end of this week
- Target date for school to start will be announced by the end of this week – We are hoping for a late August/Early September timeframe if all continues to go well in AZ
- If you are not comfortable with sending your child in-person right now and do not want to enroll your child in the Distance Learning option, we will hold your spot
- If your schedule is changing and you want to enroll your child in something different than you originally planned for please make sure to mark that on your form
- We will do our best to accommodate your schedule requests and needs, however due to decreased class size potential we may contact you to adjust days

PEACE AND BLESSINGS,

Dana Engstrom
